We cannot but speak the things which we have seen and heard. Arts 4:20

We have taken in a pile of money from folks who got blank papers last week, this week. In fact, we gave out of blank papers last week and sent NO paper to a bunch of the delinquents. So, if you got either a blank paper, or no paper at all, your subscription, according to our records, is "out". If we are wrong, we will be glad to correct your expiration date.

O. P. Bledsoe, native of Grenada, and a real big shot in Greenwood, was visiting back home in Grenada Tuesday. I could write several columns about Mr. Bledsoe, his daddy and his granddaddy, but am crowded for space this week. I think we could tell down Mr. Bledsoe by saying that, while he is an extremely wealthy man, he seems to have had more than one man's share of troubles. Wealth don't always bring happiness. Jim Cuff told me about the visitor. I did not see him, as I am a poor man and was off fishing. I doubt that Mr. Bledsoe ever had time to fish. I am going to squeeze in this: who remembers when Mr. Bledsoe's mother used her colored cook to pinchhit as chauffeur for her old Dodge car?

Our colored friends at Bellflower Church had a big program, including an address by Grenada's Mayor Tuesday, but they failed to give us proper details of the meeting, an omission we regret.

Congratulations to the elder statesman of the pint-size beat, Charlie Cohea, who celebrated his 84th birthday Sunday. A few of this descendent, only about 120 of 'em, were present to honor him. Good luck and many more birthdays, Uncle Charlie.

Subscribers come and go. My old friend, L. W. Knight, of Little Texas died, but Rev. Ollie Knight of Amory took his place on the mailing list, if not yet in my heart.

About this time each year, I give public notice to The Star that Albert Cohen, Tobie Isenberg, Sam Wade, Jeff Whitaker and Louie Friedman are our meat for Christmas greeting ads and that I hope nobody else will monkey with that tight (like that) group. I gave this public notice to Defenbaugh last year, and, to Orimes, this year. Please don't monkey with Charlie Dattel either.

Usually we have a helluva time filling up 8 pages. This week, however we had a helluva time getting in what we had to; as a matter of fact, we had to leave out 2 whole pages of paid ads, hoping to get them in next week. I am very serious in giving this advice: If you want anything in NEXT week, you had better speak early. I have a lot of crap in the paper, but this ain't no crap. Get copy in early!

Mrs. Mann just called to say that her boy, Guy, in the hospital after a serious auto accident, is a little better; that all his brothers had been to see him; and that it looked like rest and continued good treatment will fix him up.

One lady, a member of a local club, wanted somebody, who could use a lotta fancy adjectives, to pinch hit for Mabel (who suits us fine) in giving that grand todo at Lowenstein's this week, a super-grand write-up. The idea being that the GCW piece could be cut out and mailed to old man Goldsmith in Memphis to pry from him a big todo for her club at Goldsmith's. Aint wimmen funny? Instead I am going to mail THIS item to old man Goldsmith.

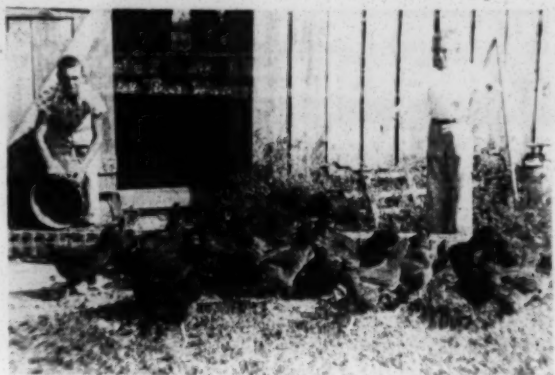

I'm still like I was last week and the week before, and will be on voting day: I like the CM form of government and shall vote to keep that form. Read the legal notice in this issue and read for yourself the proposed change. I'm not telling you what it is. The City paid up to print it so that YOU can read. If THAT is what YOU want, then vote for it!

## Sears Poultry Show Is October 17th In Public Square

Above are Algeon and Donald Sulton from Gore Springs School selecting their 12 best pullets which they will enter in the Sears Poultry Show and Sale Saturday morning, October 17.

Last April Sears gave the Grenada County 4H Club 1,000 one-day old Rhode Island Red chickens. These were given to five boys and 5 girls (120 each). They are: Sue Helon Hood, Holcomb; Fudora Chan dier, Rt. 4, Grenada; Dally Gene Bailey, Holcomb; Shirley and Sue Durham, Holcomb; Rose Ann Duffin, Holcomb; Algeon Sulton, Rt. 1 Gore Springs and Donald Sulton; Jamie Trustor, Rt. 4, Grenada; Samuel Wilburn, Rt. 1, Grenada and Jack H. Curry, Holcomb.

These 4-H club members have cared for these chickens until they are just ready to go into production. They have selected 12 of their best pullets to enter in the County Poultry Show and Sale, Sears will award ribbons and \$80.00 as prizes for this show. Then the 120 pullets will be sold at auction and the money received from this sale used to continue this project next year.

If you are interested in buying choice pullets that will be ready for production soon, this will be a good time to get them. They will be sold in lots of six and twelve.

The show and sale will be held on the Square in Grenada Saturday morning, October 17, at 10.

## Miss. School Problems On WNAG Sunday

WNAG will broadcast the talk by Miss. Assistant Atty. Gen. Kendall Sunday afternoon at 2:30. The talk was recorded during a Summer Educational Conference at Castalian Springs. The program deals with the problems now facing the Mississippi Public Schools and Legislative Proposals to solve these problems. Those interested in public school problems, are invited to hear this program.

Otherwise, vote to keep what we have.

On the editorial page, please read what Mr. McCune Talbert has to say.

I could write a long-winded editorial on the subject, but will advise merely this: ask permission before hunting on another's land and be careful of his fences; his stock and property also of fire; you would not enter another's home without invitation, certainly you would not enter his home if he had POSTED his home.

If you want to help in making Grenada Lake Grenada's biggest "industry" you can do so best by joining the wildlife league, the only organized body of folks dedicated to that purpose. ONT only JOIN it but WORK with it.

After Tuesday of this week, the po' fish at Enid Lake had a short rest. Sportsmen started out after the po' squirrels Wednesday morning. Even Durrow Horn skipped Enid and went to Double Cypress.

Comely Mrs. O. E. Zoder told Mabel to tell me that the blank paper was THE "thing" to get folks, including herself to renew.

New subscriber, W. L. McDonough, a new lawyer here, stands out on our cash book, almost filled with \$100.00s, like a sore thumb, but he is heartily welcomed.

## ALBERT GRAVES' DEATH SADDENS GRENADA

### Ex-Marine, 25, Killed In Auto Accident

All Grenada was shocked and saddened over the accidental death of Albert Hamilton Graves, 25 year old son of Mr. and Mrs. Hamilton Graves.

He was killed instantly about midnight Friday, Oct. 2, 1933 near Vaiden when his car failed to make a turn, Highway Patrolmen C. E. Blanton and Alvin Malone reported.

They believed Mr. Graves dozed at the wheel and his car left the highway, overturned down an embankment, struck a power pole and continued into the porch of the residence of Mr. and Mrs. W. J. White. His Dodge automobile was demolished.

Mr. Graves was reared in Grenada and graduated from Grenada High School where he was a popular student and played in the band. Upon graduation, he enlisted in the U. S. Marine Corps and served two years.

He was later graduated from Mississippi State College where he was a member of Sigma Pi fraternity. He was a member of the Grenada Methodist Church, of the VFW and the American Legion.

At the time of his death, he was employed by the Mississippi Products Co. of Jackson as an engineer. He had been with this company since graduating from State. Officials of the company said this week that they had planned to tell Mr. Graves on Monday that he was to be promoted. He was a member of the Key Men Club of Miss. Products Co.

When killed, he was enroute home for the weekend.

Surviving are: his bereaved parents; his grandmother, Mrs. A. T. McElwath of Grenada; two uncles, Ben and Avert McElwath of Grenada County and an aunt, Mrs. H. T. Rogers.

The funeral was held Sunday afternoon at Garner Bros. Funeral Home with Rev. Felix A. Sutphin officiating. Burial was in Woodlawn Memorial Park. Pallbearers were: Jimmy Wells, George Granberry, Will Horton, Allen King, Hal Pleasants, and Joe Talbert. Among the many out of town people attending the funeral were 10 fellow workers from Jackson.

Miss Elizabeth Jones, Grenada County librarian, announced that a number of books have already been donated to the library as memorials to Mr. Graves.

## HON. JAMIE WHITTEN SPOKE AT HOLCOMB

### Wants Farmers To Get Even Break

Congressman Jamie Whitten of this congressional district made one of his first public addresses in this, his new territory, at a community meeting in the Holcomb school building last Friday night to a large and appreciative audience.

Mr. A. L. Jackson of Holcomb was master of ceremonies and he first introduced the Baptist minister, Rev. L. M. Richardson, who read selected

portions of the Bible and asked God's blessings on the meeting, but only after the assembled people sang two verses of America.

Mr. Jackson then introduced Mr. E. H. White, president of Grenada Farm Bureau, who, in turn introduced Mr. Whitten. In his introduction Mr. White spoke highly well of Mr. Whitten, since these gentlemen had worked together in promoting better working relations between TVA and its parent, the U. S. government. Mr. White hinted rather broadly that Mr. Whitten would make a mighty good U. S. Senator. This statement received much applause.

The burden of Mr. Whitten's talk was this: that, since the federal laws has already given manufacturers preferred position thru the tariff, and labor, thru beneficial laws affecting organized labor, the government should continue to support farmers with beneficial laws. This general line of argument, he said, had often been his subject matter before the Congress, and to various governmental departments.

Mr. Whitten's very sensible talk, interspersed with humor, was well received.

Mr. C. O. Sennett, the last gentleman to rise, told of the meeting scheduled for Holcomb two weeks hence, that is on October 15th.

## Community Concert Series Opens Tonight At 8

The first concert will be presented by Miss Vivian Della Chiesa, who the New York Times calls "one of the finest sopranos in the United States."

Other concerts in Grenada will be Mauney Twins on Feb. 17 and Donald Dickson on April 5.

Concerts in Greenwood to which ticket holders in Grenada may attend without additional costs are: Dec. 9, Walter Cassel; Jan. 11, St. Louis Symphony; Feb. 1, The Angelaires; March 26, Theodore Lettvin. (The GCW regrets that we did not receive this announcement for last week's paper).

## Henry Denton, Brother Of Grenadian Dies

Henry Denton of Lepanto, Ark., brother of Mrs. Oma Phillips of Grenada, died Friday, Oct. 2, 1933 at the Baptist Hospital in Memphis of a heart attack.

Mr. Denton, 60, was born in Slate Springs and had been a farmer near Lepanto for 33 years.

### GRENADA SPLIT AGAIN ON CM GOVERNMENT

#### Third Election About It Is Set For October 24

For the third time in four years Grenada is again split wide open over the city manager form of government.

The question of deciding whether Grenada would have city manager government first came to a vote in May, 1949 and was defeated by only eight votes.

Those favoring this system kept working and another election was held August 5, 1950. At this time, 334 favored the CM form and 318 opposed it. Among the main supporters of the CM form were all the aldermen and the mayor, Knox Pierce.

In March, 1951, Edward Johnson came to Grenada to be its first city manager. After his resignation, J. E. McEachin, the present manager, was appointed by the City Council. On Saturday, Oct. 24, another election will be held to determine whether or not Grenada will retain the city manager form of government. There are 1,208 citizens qualified to vote.

The election was called after the Election Commission declared valid a petition signed by 297 qualified electors. Names of 20 percent of the 1,208 qualified electors were necessary and 297 constituted 24 percent.

Absentee ballots are now available at the City Clerk's office for those who are qualified to use them. It is most important that those qualified to vote, do go and vote. Voting will be by wards in the four usual voting places.

## AMORY BEATS GRENADA 26 TO 19

### Bulldogs To Travel To Starkville Friday

(By Hugh Ketchum)

Pushing across a touchdown in each quarter the Amory Panthers outscored the Grenada Bulldogs, 26 to 19, in a Little Ten Conference game at Amory Friday night. It was the second victory in conference play for the panthers, who lost to Tupelo of the Big Eight in the opener, and gave the Bulldogs a record of two wins and two losses to date.

The game was a display of offensive fireworks from the beginning as Keith Cathcart reeled off three touchdowns of 43, 47 and 19 yards. Don Meredith gave a brilliant ball handling and passing performance from his T quarterback spot, to lead the Panthers to victory. Richard Roberts, who ran 19 yards for a touchdown and Billy May also troubled the Bulldogs forwards.

The running of Ray Freeman and Bill Raper almost matched the Panther offense, but the Bulldogs failed to register in the third period. The local backs outgained the flashy Panther backs, 306 yards to 202, with Freeman and Raper accounting for 268 yards. However, in the air, Grenada picked up only 44 yds on three completions while Meredith was passing the Panthers to 113 yards. Grenada had 15 first downs to 10 for Amory.

The Bulldogs started the scoring in the first few minutes of play. Taking the kick-off at the 53 the Bulldogs marched all the way with Raper going over from the 16. Amory took the following kick-off at the 28 and came right back to score. Roberts blasted over from the 19.

In the second quarter the Bulldogs went ahead again when Bobby Abel plunged over from the one after a 69-yard run by Raper had placed the ball in scoring position. Amory knotted the county a few minutes later when Cathcart went 47 yards around left end to score.

Just before the end of the first half the Bulldogs had another drive underway, but time ran out with the Bulldogs on the Amory five with a first down and goal to go.

Cathcart sent the Panthers in front in the third period when he scampered 43 yards for a touchdown, then in the fourth period Meredith passed to Brooke Towery who went all the way on a 87 yard aerial play.

Town Talk BY FED ROBINSON

Many people will express their surprise and disappointment about those 23 American soldiers who have elected to live out their lives with the Communists in North Korea, China or Russia. We cannot understand how any intelligent person could get his mind so twisted as to believe in the way of life advocated by the Communists. We certainly feel sorry for those poor misguided boys and we are ashamed for their parents and their teachers who failed to instill in them the right ideas about their responsibility to God and country. Because men are what they are by reason of the kind of thinking they indulge in, we all should be more interested and more careful about the kind and the quality of teaching we endorse. Teaching in our school is most important teaching in our clubs and allied alliances is also most important teaching of groups and individuals certainly does bend the minds of people. Now if we could replace all the wrong and untruthful teaching of this land with the old original texts of the Bible of wisdom that has stood the test of time for thousands of years—that is the Bible—we could look forward to a real peace in the world and we shall never have peace on any other basis. When will we ever learn these things?

We ought to learn from the wars we have already had that we cannot make peace in the world by military force. We have become so expert in creating weapons of war, we want to try them out. We have so much money with which to build munition factories we keep telling ourselves we will out build the enemy, out fight him, and out do him in all the human ways and then we'll have peace. Such fallacy! Who, when you beat up a man, kick him off the street, kill his brother and his father, or you don't settle anything. On the contrary you just fix it so you must fight him again on another day. Only God can CHANGE the nature of a human heart. Man cannot MAKE another man do anything or be anything. One man can fight another man and win the battle for a day but that doesn't settle anything. In fact it adds fuel to the flame because man will not away and treat his words and plan another attack and so the fight will go on and on until BOTH men change their minds about the necessity of the fight and the necessity for it.

Unless we can persuade God to take a hand and change men's hearts we will go right on fighting wars until one day America will be a forgotten nation buried in a dim glory of the past like the once proud Germany, Egypt, Babylon and Sodom.

The most precious and valuable thing anyone can own is a person. An institution, a business firm is the GOODWILL of other people. Goodwill is so important, so valuable, so necessary to prosperity and happiness that every business firm should have at least one full time person working for it, and every individual ought to spend 10 percent of his time building it for himself. It is something as fragile as an orchid. And as beautiful as precious as a gold nugget and as hard to find. As powerful as a great turbine and as hard to build. As wonderful as youth, and as hard to keep.

Now, most people know the truth of this quote on goodwill. A few seem to care about the little things that make it. The other day we saw a delivery truck being driven in a discourteous and hazardous manner by a minor employee of a well known firm whose name was emblazoned on the panels and right away we felt a kind of resentment for the FIRM whose name we were careful to read, and wondered if that firm ever took the time and the patience to tell their driver, "Look here fellow, be very careful, very courteous, as you drive our truck over the town because many people will judge this firm by the manner in which you treat others up and down the streets. We insist that you conduct the operation of this truck, with our firm's name on it in the same friendly manner with which we treat our customers when they are right here in the store."

& TOLD  
BY THE EDITOR

We cannot let such things which we have seen and heard. Act 1:19

Last week, we got out a lot of blank copies of the GCW. Many of the delinquents took the hint. We gave out blanks, and used another

method of notifying delinquents. We mailed no copy at all; so if you either saw a blank, or no copy at all, that was our way of notifying you that your time is out.

If anybody got mad about the blank, I heard nothing of it. Know as I do, however, I feel sure that some of them did get mad.

Now, as always, we are glad to correct any errors in our none too faultless system of keeping up with subscribers.

Mack Timmons was one customer brought to the office with a blank. I was happy to learn that he is now with Rutane Tate, and you can reach Mack thru Tate.

Sidney Russell, C. O. of the VFW, is another Harry Greenfield, inasmuch as he has veterans' affairs in his heart and is always willing and anxious to do things about them. Folks who remember Harry Greenfield, vet of the first war, was that way, always putting out flags, setting up lists, sweeping out the building, and anything to promote veterans' affairs.

Cadillac farmer J. Z. Pryor came in, extracted a large purse of seed money and paid for seed, Uncle Tilden, and daughters, Grace Martin and Mrs. Doolittle. In spite of that, our favorite "Grace" got a blank.

Best Five farmer Fulton McRee has so much cotton and seed money that he is seeking a method of weighing money instead of counting it.

If YOU got a blank paper, you were in good company. Everyone marked delinquent on our list got one too. We did not pick them, otherwise we would have overlooked Grace Martin, a good friend and, thru Sears, a valuable customer.

At least two folks, Ira Parks and Mrs. Talbert Yeager, reported that the blank was the BEST issue we ever got out.

Apologies to Tom Meek for having placed him in the group of Cadillac farmers. Pete Emory and J. Z. Pryor. In the first place, Tom is not a farmer and, in the next place, a Ford owner.

Mabel and I across the street from them, often remark on what fine kids Mr. and Mrs. Lewis Marascalco have, and how well the parents treat the kids.

I think I had better put in a plug for Tommie and Melba Darras for the great improvement in their Sunday dinners. They had a waiting line Sunday.

Lewis Marascalco bet on the Yankees with L. Friedman on Brooklyn on the Monday game. In parting, each wished the other luck; two white lies that neutralized each other.

Sellers Denley, running the new paper in Bruce, picked up one of our old tricks last week by running some blank space. Making a long-distance observation, I would agree that the Bruce folks WANT a paper of their own, but, apparently, are not willing to give it adequate support. Sellers is getting out a fine, new paper and that is the first requisite to eventual success, but revenue in sufficient amounts must come also. Starting a new newspaper is a terribly hard job and no one can know that better than do Mabel and me. Important as it is, no news paper can depend exclusively on subscription money.

Reading the Coffeeville, Courier reminds me that it is about time for folks to post their land. We run a simple posted notice three times

for \$1.50. We don't guarantee this notice will protect your land, but we do guarantee to run the ad. It don't do you much good if it will do us a \$1.50 worth of good.

Unless hunters are extremely careful down in the wooded areas near the river and at Oxberry, this country, dry as it is, is likely to have terrible forest fires like we did last year. Be very careful on the OTHER fellow's land. Remember it is HIS land and you are a guest on the land.

Just go ahead and believe "how much cotton I made on an acre" and "how many fish I caught at Enid". Both statements are probably true.

Remember: if you got a blank paper, or no paper at all, last week, you are probably "out."

Charlie Cohea of the pint-size beat, paid up last week and thereby missed getting a blank. Albert Clark, of Beat 3 and Ben Sanders of Beat 1, did forget and both got blanks. Ben did something about it, Albert did nothing about it.

Ben Sanders and this road bunch set up a squirrel camp on White Lake Tuesday to be ready Wednesday. Some of the boys took guns along.

L. Proby is among the many who recently renewed. I think the main reason Proby and I don't get along too well is that he and I are too damned much alike, hard-headed so to speak.

I tried fishing with a Hamby - the old man - last week; this week, with another fisherman, Bill Moser. I am not passing judgment as I may want to go with both again.

Guy Mann, one Beat One's best men, was quite seriously injured when the county truck he was driving had a collision with one of those heavily loaded gas-pipe trucks, a bit outside Grenada on No. 8 east, one day last week. We hope Guy will soon be up on his feet again.

Items about Margin Street folks: "Miss" Lizzie, who was about as old as mama, walked spryly by; Mrs. Sam Williamson seems to go up about come every day to look after her extensive farming interests up there; Gloria Williams seems to be doing a good deal of fishing; Older Louise Avent, one of my favorites, seems to be busy in her beautiful garden; John Rundle taught his 8, 8 class Sunday, the first time since his illness.

Ollie Knight, a preacher in "Amory" who don't "act" too much like a preacher, got on the list by virtue of a subscription from his brother-in-law, F. Sherman Daves.

Tom Meek is almost working C. C. Hamby, Jr. to death fishing at Enid.

I think he was talking about himself, but he said "another fellow" saw a sign in a hotel, "\$5 for room, blond and a quart", but hesitated until he found out whether it was a full quart. That is Squire Baker's tale, not mine.

Jeweler-Fisherman Daves at Stokers, chairman of the membership drive for the local Wildlife League, has plenty of membership cards for the League. Daves is one of the newest, yet one of the most enthusiastic members of this sportsmen's organization.

Mr. M. L. Rogers of New Orleans authorized us to send the GCW for a year to his mother, Mrs. W. F. Rogers, who is our next-door neighbor on South Street.

Mrs. Rogers' husband was the Methodist preacher at Holcomb who suffered the loss of a finger. Asked how he lost the finger, he said it was bitten off, and he refused to add any other details, leaving his questioner still in the dark.

—Talbert NOT Interested—

Dear Mr. Whitaker: In your last issue of the County Weekly you stated that J. M. Talbert would run for Mayor if requested to do so, or at least you inferred that I would.

Please retract that statement in your next issue of your paper or I will have a copy of this letter published in the Daily Star as I requested an Attorney or Counselor from Ward 1 and intend to serve my term as such, and have no intention of being the Mayor of Grenada now or at any future time.

As to who will run for Mayor in the upcoming election, I do not know and all I have to say is I am not a candidate for the office.

Personally I think that the Communist-Managers form of government is a failure in Grenada and never should have been adopted in a town as small as Grenada, but after all I feel that the people should have a perfect right to exercise their opinions at the polls for or against this America where we should have the freedom of speech and choose whom we wish to represent us.

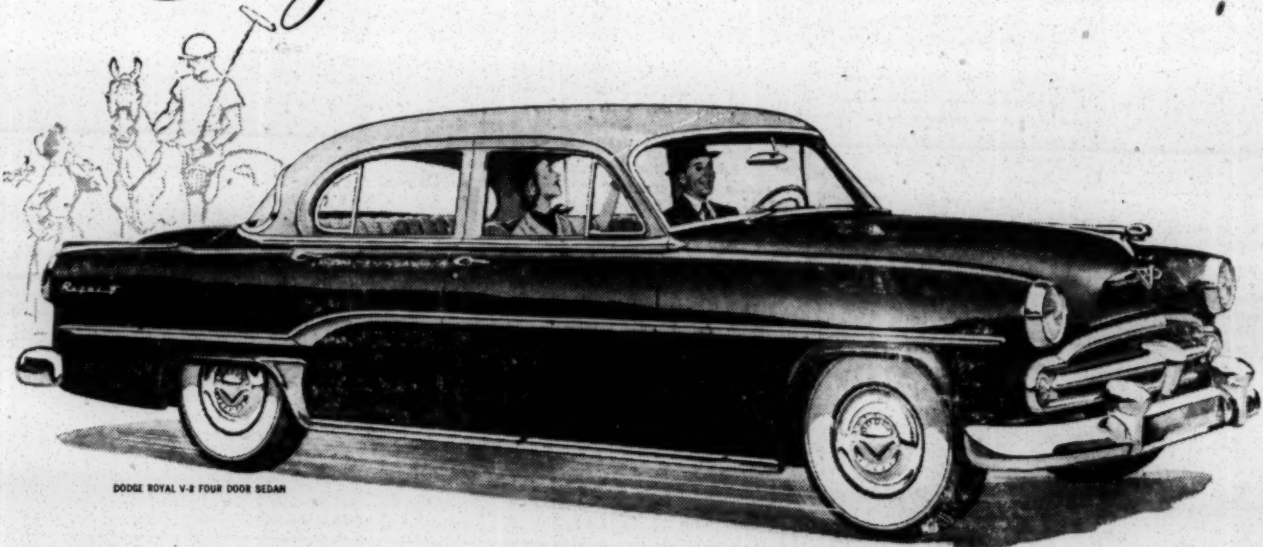

The opposition should not be afraid to let the people speak and whatever they want suits me.

Yours very truly J. M. Talbert

\*\*\* The editor said that Mr. Talbert MIGHT be PERSUADED to run.

### God's New Men

Lesson for October 11, 1953

WHAT would it take to make an ideal world? Or if that seems too large an order, what will it take to improve the world we have? Of course any little thing may improve it a little. A better climate where you live; better laws, a more efficient police force, better equipment for schools and more adequate salaries for teachers; better trade relations with other nations, better government; all these would probably improve the world somewhat. But all the schemes for the improvement of society have struck one rock: the jagged fact of human nature.

### Wanted: New Men!

Everybody knows that, to be sure. So when Christians say that what the world needs more than anything else, to make it a better world, is better people, we don't get an argument from anybody who has thought about it. Everybody says, Amen! We do get an argument over the question: How do we get our new men?

Dr. Foreman men to build the new world? Christians above all should be interested in this question, and indeed they should be working at it. It is not one of these questions that just solves itself if you let it alone.

Consider some of the wrong answers to the problem of how men can be produced. One is the lazy answer: Just leave the human race alone, they'll do all right; human beings just naturally have so much good in them that if the "Do-gooders" will just keep their hands off, everything will keep right on improving. Of course that's nonsense, as any one can tell who will take a close look at any part of the world that has been left alone for some time. A world full of people left to do as they please will soon be a mess. Another wrong answer is: Improve the breed.

Take care of heredity, weed out the unfit, let laws of eugenics improve humanity. Well, that won't work, because all that careful breeding can accomplish is no more than improving people's bodies and minds.

### God's Design

Not that eugenics isn't a good thing so far as it goes. So is anything that really improves people, as even barber and beauty shops do, a little. But nothing that works on man from the outside will improve him on the inside as he needs to be improved. In fact, what the Bible tells us is the simple truth that man needs not so much to be improved as to be made over.

We don't need revised men, revamped men re-conditioned men; we need new men. The Bible tells us the truth, that man's nature has been so affected by sin that nothing short of a radical operation will effect a cure. Madame Perkins tells a story of F. D. Roosevelt, that once over a week-end he took home with him some book by Soren Kierkegaard a crabbed but honest Christian philosopher. F. D. R. turned up Monday morning with what to him was a brand-new idea which he had learned from Kierkegaard. "Now I know what's the matter with people," he said. "They're bad!"

The odd thing about that was that F. D. R. was an Episcopalian, and at his own church he must often have joined in the General Confession: "We have left undone those things which we ought to have done, and we have done those things which we ought not to have done, and there is no health in us." No wonder Jesus said: "Ye must be born again!"

### The Secret

The secret in a way is simple, but it seems so simple that many persons miss it. How is a man born again? What does he have to do to be born again? The truth is: Nothing. The secret is: God in the heart. What do you do to make your home bright? You just pull up the shades. What do you do to have God's Spirit in your heart? Ask him. Open the door.

You do not have to create the sun. It is out there ready to come in. You can keep it out if you insist but you never have to coax it; you can't pay it to come in. Just raise the shades and in it pours. But just as there is substitute for sunshine, there is no substitute for God. You, Without God, are part of the problem of the world. You, with God, you, changed by Him, are part of God's design for his better world.

### Fashion Show - Luncheon Is Held At Lowenstein's

Members of the Twentieth Century Club of Grenada and their guests assembled in the Mid-Century private dining room, at Lowenstein's Department Store, in Memphis on Tuesday, Oct. 6, where as guests of this hospitable store they were feted at an elaborate luncheon and style show.

The dining room was beautifully decorated with arrangements of yellow and bronze chrysanthemums interspersed with ferns. Silver centerpieces held green and white mints and silver and crystal bowls held salted nuts. Olives, celery and carrot strips filled crystal trays, and the tomato juice and colorful fruit salad were in place when the guests were seated. A very delicious turkey and ham luncheon with vegetables and hot rolls, coffee and a dessert course of lemon meringue pie and coffee was served to ninety six ladies from Grenada.

Cigarettes and matches were there for those who smoke, and at each place setting, a box of delicious chocolates and a bridge score pad, were gift wrapped favors for each lady.

Mr. A. R. Scharff, president of Lowenstein's, welcomed the ladies in a most cordial manner, saying in effect that Mississippi people have a special place in his heart and life, as he is a native of Natchez, and his wife a native of Fayette, and that Memphis business people appreciate the trade given them by Mississippians, and with appreciation of past business in mind, he extended a cordial invitation to the ladies to shop and to use the spacious lounges and facilities of the store. Mr. Scharff introduced the club president, Mrs. G. S. Kent, who was attired in an exquisite dinner dress, which she modeled, who responded most eloquently to Mr. Scharff's welcome.

Four club members, Mrs. Kent, Mrs. F. R. Lickfold, Mrs. Felix Sutphin and Mrs. L. E. Noble modeled fall fashions, and four lovely young ladies, professional models at Lowenstein's, appeared in many of the seasons most charming suits, dresses and costumes with equally as lovely accessories. Each appearance of the models was like looking at a very lovely picture of poise and elegance.

During the luncheon, Mr. Scharff introduced Mr. Aaron Isacson, the general manager of Lowenstein's; Mrs. Grace Van Dyke, fashion coordinator and Mrs. Abernathy, advertising manager of Lowenstein's. Mrs. Abernathy appeared at the close of the luncheon, and in a few well chosen words, told the guests that the welcome mat is always there at Lowenstein's and the invitation to return to see them was most cordial.

Ann used her \$1,000 Lion Oil Scholarship at Southern Methodist University, Dallas, Texas. The Lion Oil Scholarship Fund was established as one means of expressing faith in the South and Southern youth.

At typical celebration, Bill Sims, a winner in the 1951-52 series, receives his \$1,000 award from C. R. Olson, director of the Scholarship Fund. For encouraging the Little Rock youth, his teacher-sponsor, Miss Mary Piercey, won a \$200 cash award. Scholarship winners and their teacher-sponsors are also given recognition on Lion's popular radio show, "Sunday Down South," broadcast over 29 stations.

In airport visit arranged by her teacher-sponsor, Sister Mary Ruth Coffman, Sacred Heart Academy, Cullman, Ala., Rebecca Lowasser learned from Scholarship Fund representatives that she was a Scholarship winner. Contests are open to all high school students in the Lion trade area. This year the Fund provides \$100 cash for purchase of library books at each scholarship winner's school, too.

In addition to the \$1,000 Scholarships for student winners, the Lion Oil Program provides a \$25 cash prize to each of 180 Merit Award Winners and their teacher-sponsors. Merit Awards are usually presented by the school principal in ceremonies like the one above. Since the Fund was established, 637 prizes worth \$65,200 have been given to Southern teachers and students in 149 different communities.

To encourage Southern teachers and help them further their education, Lion also sponsors special teacher essay contests. Here Zan Lee Skelton, Jr., English instructor at Rolling Fork (Mississippi) Consolidated School, is congratulated by principal H. G. Fenton on winning a \$1,200 Scholarship. This year the Program provides additional cash awards.

### "...Democracy at work"

Mr. J. D. Clary, a prominent educator of Stuttgart, Arkansas, has this to say about the Program: "The Lion Oil Company recognizes that in a real democracy there are no unimportant individuals... and so they pay tribute to the man wherever and whoever he might be... and encourage him in his work and in his thinking. That... is democracy at work." This statement is typical of the enthusiastic comment received from educators, businessmen and other civic leaders throughout the South.

## STUDENTS! TEACHERS!

Here's your opportunity to win a Lion Oil Scholarship to any college you wish to attend!

If you are a high school student in the designated area served by Lion, you may win one of the twelve \$1,000 Scholarships by writing an essay of 500 words or less. Teacher-sponsors of major winners receive \$200 cash. And you have a chance to win one of the \$25 merit awards which will be made to 180 students and their teacher-sponsors.

Subject of the current student contest is: "The Kind of Citizen I Want To Be," closing October 15, 1953.

In the teacher-essay contest, Lion is offering three \$1,200 college scholarships, three \$400 cash Travel Grants and thirty-three cash awards of \$75 each. Essays must be 1,000 words or less.

Subject of the teacher contest is: "What Are My Responsibilities As A Teacher?" closing February 15, 1954. For complete details about the contests—ask your principal for a free rules booklet, get one from your friendly Lion Oil dealer, or write the Lion Oil Scholarship Fund, El Dorado, Arkansas.

### WHY THE SCHOLARSHIP FUND WAS ESTABLISHED

Lion Oil is part-and-parcel of the South, employing more than 2,700 persons, and paying, annually, almost \$18,000,000 in wages and benefits. Lion manufactures more than 60 petroleum products to keep the wheels of Southern industry, transportation, and agriculture spinning. Lion's nitrogen fertilizers enrich the soil of Southern farms... help Southern farmers produce more and better crops. The Scholarship Fund is Lion Oil Company's way of saying "We believe in the South... are eager to assist its sons and daughters... our good neighbors. We're proud to be 'Home Folks—Good Neighbors'!"

Enjoy a half hour of music and fun on "Sunday Down South" every Sunday 5:00-5:30 P. M. over the Lion radio network.

Something good's here

It's the telephone installer Junior is shouting about: and soon still another Mississippi farm family will have telephone service. Today, in the rural areas of the State served by Southern Bell, there are four times as many telephones as there were just a little over 7 years ago.

That's an accomplishment worth crowing about. But more and more farm families want telephones, and we're installing them as fast as we possibly can. Installations this year will add more than 5,000 new rural telephones in the State!

like Fulton McRee, weighing money

does.

## Special Favorite of the Ladies!

When a Cadillac comes into the service of a family  
that has never owned one before, it is—quite natu-  
rally—a source of great pride and happiness to the  
entire family group.

But we have noticed, through the years, that the  
car is a very special favorite with the ladies. For,  
most assuredly, a Cadillac does some very wonderful  
and extraordinary things for a lady.

First of all, she looks her loveliest when she is  
seated behind its wheel. Every time she takes to the  
highway, she finds herself the focal point in a per-  
fectly gorgeous picture.

And she feels just as wonderful as she looks.

The car's deep, luxurious cushions cradle her in  
magnificent comfort throughout the longest journey.  
The great responsiveness of the quiet, powerful engine  
gives her a marvelous sense of command. The car  
steers and brakes and drives with such miraculous  
ease that she actually rests and relaxes as she rides.

Of course, there are a great many other satisfac-  
tions a lady finds in a new Cadillac car.

There is, for instance, her delight at seeing her  
family surrounded with every comfort and safeguard  
known to the science of motor car design. And there  
is the deep and rewarding sense of fulfillment which  
comes with ownership of such a prized and sought-  
after possession. Even parked in her driveway, the  
car is a tribute to her good taste and judgment...  
and a wonderful complement to the beauty and  
graciousness of her home.

To any gentleman reading this advertisement—  
we would like to make a suggestion:

Some day soon—when the sky is bright and the  
time is right—ask your lady if she wouldn't like to  
take a ride in a 1953 Cadillac.

We think we know what the answer will be—and  
we'll be happy to see you, indeed.
